Award Nomination Form

The more information we have about your nominee's achievement, the better we are able to assess their eligibility for the award. The questions below are to guide your written nomination.

How does Automation 360™ make your company more competitive?

How did your company decide what to automate and what was the challenge you needed to address? How did you use Automation 360 most strategically?

Please provide any interesting metrics that you can share that show the degree of and impact of the achievement.

Here are some some examples of metrics that might apply

- How long did it take and what did it cost to implement?
- How many processes are automated?
- How much faster are they (how many hours saved)
- Accuracy?
- Did the customer previously use a non-cloud-native, legacy platform and if so how does it compare now?
- Examples of flexibility when volumes change?

What has Automation 360 done for the humans in your company? Are they able to focus on higher value work? Please give examples.

Please provide any metrics that you can share that show the impact of this achievement.
