

PARTNER BRIEF

Deliver the Digital Workforce of the Future with the Power of AI

Scale enterprise operations with intelligent automation and empower every employee with AI-driven efficiency

Automation Anywhere and Google Cloud have partnered together to help companies deliver the digital workforce of the future—today. Automation Anywhere provides AI-driven automation capabilities including AI-assisted development, agentic process automation, and human-in-the-loop automation. Deployed on Google Cloud and integrated with Google Cloud’s AI and API solutions, Automation Anywhere empowers organizations to drive productivity gains, foster innovation, improve customer service, and accelerate business growth. Together, we offer a broad set of AI and automation technologies to help customers deliver AI-powered automation, at scale.

Unleash the Power of AI

Google Cloud’s AI and Automation Anywhere quickly identify processes to automate through Process Discovery, reimagine intelligent document processing, and deliver next-level contact center experiences.

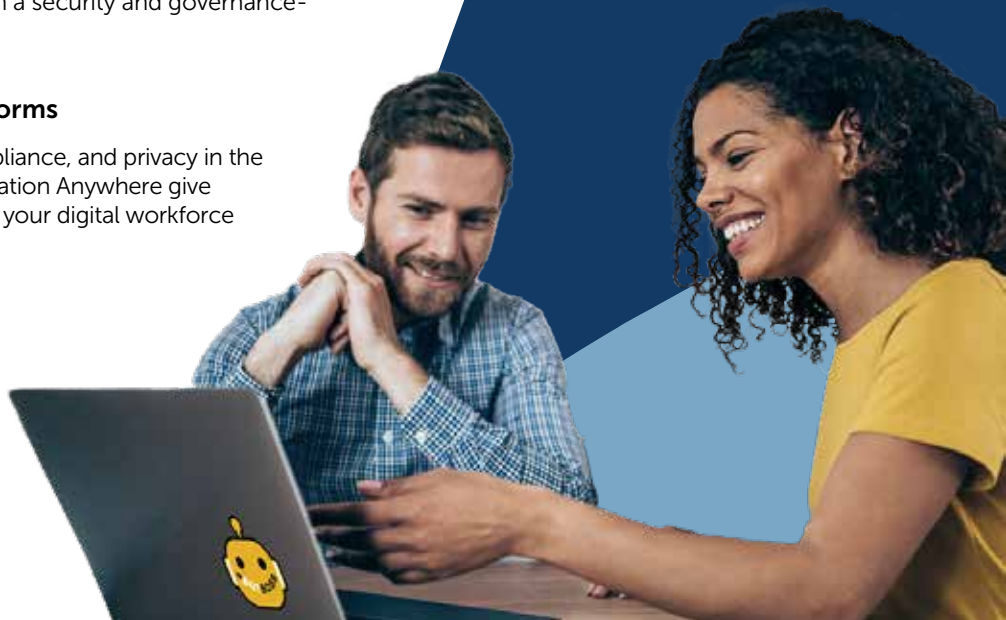

Transform Work with Automation

Automation Anywhere’s AI + Automation Enterprise System is powered by specialized AI, autonomous AI agents, and offers process discovery, end-to-end process orchestration, document processing, and analytics — all with a security and governance-first approach.

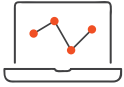

Scale with Cloud-Native Platforms

Best-in-breed cloud security, compliance, and privacy in the Google Cloud Platform and Automation Anywhere give enterprises the confidence to scale your digital workforce across every team.

Automate Faster with the Power of Cloud

It's easy to automate with Automation Anywhere and Google Cloud. Enterprises can rapidly scale with the AI + Automation Enterprise System integrated with Google Cloud's Apigee, AppSheet, Document AI and AI platform. Together, we orchestrate AI-powered automation across the enterprise while empowering employees to unlock productivity across every application and device.

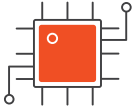

Deep Operational Insights

Operational intelligence with Process Discovery, built natively on Google Cloud

Integrated Capabilities

Out-of-the-box business and vertical solutions tailored to unique business needs

State-of-the-Art Technologies

With leading AI capabilities, the partnership provides a launch pad for enterprises to

Ease of Access

Capabilities are available on Google Cloud Marketplace

Security

Best-of-breed security and compliance, enabled by the cloud.

Conclusion

Together, Automation Anywhere and Google Cloud offer a broad set of AI and automation technologies to help customers deliver AI-powered end-to-end automation. Our joint solutions are built to simplify enterprise operations and scale with comprehensive automation capabilities. We provide AI-driven efficiency with the best-of-breed security, compliance, and privacy, so that enterprise leaders can achieve workforce transformation with confidence.
